## TURKEY QUIT.

Another German Ally Surrenders and is Out of the War.

Last Tuesday, Turkey, an ally of Germany and an important wheel in the central powers' military machine, accepted the terms of the armistice proposed by Great Britain and France. The acceptance of these terms is tantamount to a complete surrender, putting Turkey out of the war and giving our allies a great advantage in the way of an opening to Germany's back door via Russia with about 3,000,000 men, up until now engaged in the Turkish campaign. It is needless to say that was a terrible blow to the Germans, whose armies were already in bad way. Both Turkey and Bulgaria quit Germany and Austria-Hungary in the most critical phase of the war as far as the central powers were concerned. The terms accepted by Turkey are as follows:

First--The opening of the Dardanelles and the Bosphorus, and free access to the Black Sea, and the Allied occupation of the Dardanelles and Bosphorus forts by the Allied armies.

Second--The position of the mine fields and other destructions are to be indicated and assistance given in their removal.

Third--All available information concerning the mines in the Black Sea is to be communicated.

Fourth--All the Allied prisoners of war and interned Americans are to be sent to Constantinople and handed over unconditionally.

Fifth--The immediate demobilization of the Turkish army, except for such troops as are required to guard the frontiers, and their number is to be determined by the Allies.

Sixth--The surrender of all war vessels in Turkish waters and waters occupied by Turkey. These ships are to be interned in such Turkish ports as may be directed, except such small vessels as are required for public purposes in Turkish waters.

Seventh--The Allies have the right to occupy any strategic points in the event of a situation arising threatening their security.

The remaining eighteen points of the armistice call for the surrender of various bodies of Turkish troops in Asia, the evacuation of parts of Caucasus, give the Allies the right to occupy Armenia when they see fit, call for the expulsion of all Germans within the country's limits, prohibit the construction of any military or commercial materials, give the Allies the right to purchase military supplies, call for the suspension of any sort of relationship with the Germans and hand over the telegraph, telephone and cable lines to the Allies.

The armistice was effective from noon, October 31.

## WAR WORK DRIVE.

Starts Next Monday. Fulton County Asked to Raise \$15,000.

The National Campaign for \$170,000,000, to be used for united war work, is to open November 11 and close November 19, by which time it is expected that every part of the country will have responded sufficiently to attain the sum needed. The purpose of the campaign is to raise funds for the Young Men's Christian Association, Young Women's Christian Association, National Catholic War Council, Jewish Welfare Board, War Camp Community Service, American Library Association and the Salvation Army, which are known as the "big seven" in army circles and which will all receive their pro rata share of the huge sum to be raised for the purpose of carrying on their work among the American soldiers in France.

The revised quota for Fulton county has been fixed at \$15,000.

The United War Work Campaign will do away with the individual drives that have been made in the past for the Y. M. C. A., the K. C. and other organizations which will participate in the fund, the national organization of each entering into the union with the idea of doing away with individual campaign ideas, and substituting this plan for united action, thus making it more convenient for individuals to donate for war work of the various organizations by making their pledges at one time, rather than being asked to give to each individually in separate campaigns.

All of the agencies which will participate in the campaign are engaged in maintaining, in various ways, the morale of the boys in the trenches, and the work of each has been given the unified approval of the war department and of high army and naval officials, as well as the endorsement of the men in the ranks.

## SWEET POTATOES COMING.

Sweet potatoes are coming into the local market now with a steadiness which indicates that there is a large crop of this vegetable in the county. Nearly everybody has raised a few potatoes and some people have raised more than a few. There is going to be a great quantity of money distributed in the county for the potato crop.

W. W. Woods and Misses Verdie Davis and Mary Watson, of Clinton, spent a few hours in Hickman Sunday afternoon.

## QUOTA INCREASED.

Reasons Why Fulton County is Asked to Raise \$15,000 Instead of \$9,157.

Two representatives of the War Work Campaign met here Saturday with the Fulton County organization to give us the benefit of their experience in this line of work and to tell us why Fulton county's quota has been raised from \$9,157 to \$15,000 in the drive to start next Monday. The reasons are set out in a message from Dr. Mott, general director, as follows:

"First--Conditions are changing constantly. More men are overseas now than it was considered possible to move in that length of time. Personally, I believe the end of the struggle is far away. Even though the end should come next month we will have to reckon with the welfare of a million more men than we figured on last May when our budgets were made up and O. K.'d by the war department.

"Second--In framing our budgets, the navy was left out. When we entered the war we had less than 200 ships; by Christmas we will have 2,000. Our navy today is larger than all the navies of the world combined at the beginning of the war. Look what that navy has done! Transported over two million men overseas with less than 300 lives lost. Nothing in history compares with it.

"Third--This is a war of the entire people. It is also a war of machines. In every war the burden has been heavier on the women and this one has been particularly so on account of the women in munition work. Eleven million graves are now filled and millions of maimed must be provided for. We will see the effects of this war in the bent backs of the women of this and coming generations.

"Fourth--The center of gravity of war has been shifted from this side to the other, or, to put it in another way, the center of the heart interest of America has been overseas. I have touched 32 States recently and everywhere, in the home of the poor and the rich, we see the service stars.

"Fifth--Welfare work bears a disproportionate increase in the war. General Pershing admitted six welfare bodies to the military zone. The only one in our combined organization which does not work overseas is the War Camp Community Service. These six bodies are asked to do the work of 25 or 40 welfare agencies. The men in France are divided into small groups which are moved quickly. In one of these small groups of about 300 men in France, near the firing line, I found my own son eating and living in the mud and the rain. What American father or mother with a son overseas will not mortgage a lot or farm to have his or her son as warm and comfortable as possible?

"Sixth--What link in the chain shall we leave out? Your boys and mine are kept in touch with a welfare agency from the time he leaves home until he gets back. The greatest danger is now approaching with winter coming on in those forests and mountains. I know what that will be because I have seen it. We must follow the men into the enemy prison camps. Before we entered the war I inspected the German prison camps. I know what they were then and God help our men now! The greatest danger in the prison camp is insanity and welfare work keeps the soldier occupied.

"Seventh--This is a comprehensive service. It must take the American home, library, college, club, stage, gymnasium, athletic fields, churches, and synagogues to the men. Surely the American people will not allow us to drop one of these.

"Eighth--We cannot neglect our allies. For three long years before we recognized our duty, they saw theirs. I have made five trips to Europe since 1914. The Y. M. C. A., which I represented put up the first French foyer do soldat or fireside, as the French term it. We did it only after repeated attempts with French army officials. Finally one general said he would allow one hut in one spot with one man in charge to try it out. We have just dedicated our one thousandth foyer do soldat. Every one of the thousand was made possible and was supported by American money. I saw Y. M. C. A. huts in the Alps 6,000 feet up. I have watched those huts go up in Russia, across Siberia, in prison camps in Macedonia, Egypt, Palestine, East Africa, no longer German, and India. Where shall we begin to withdraw them?

"Ninth--After all, war is nothing but emergencies and surprises and that's what we must get ready for. Last spring I sailed for Europe the day the big German drive was launched. While I was there it was reported to me that 89 Y huts had been destroyed. I immediately offered American money, surplus left over from the Y. M. C. A. campaign last year, to rebuild them. Within two weeks our own American soldiers were in those huts, although we had no notion of it when we rebuilt them. When I got back to New York, the Germans were at the Marne and 102 foyer do soldats were destroyed. We rebuilt them at once and before long our own men were enjoying them. The same thing happened in Italy and today the Americans are received in Italy with open arms.

"Tenth--We must be ready, when peace comes, so that the period of demobilization shall not be a period of demoralization. It takes time to prepare. I do not fear for our boys when they are on their toes, but I fear for them when they are relaxed. At the close of the Franco-Prussian war it

required more than twelve months to demobilize the French and German armies. A Canadian officer told me in Europe that it would take fifteen months to get the men from Canada now in Europe back home. An Austrian officer told me it would take eighteen months to get the Austrians home. If war should stop and America should not send another man overseas it would take three ships a day for a solid year to bring the men back--and we haven't got the ships. England's ships which have been carrying American troops cannot then be used. The budgets for our work were made up last May. Seven of the four were made to last the year but with the increase the money will be spent by the first of next July. One of the budgets will last until August 1st next and another until September 1st. Unless we greatly increase our subscriptions now we will be forced to put on another campaign next May when the Red Cross has the right of way and let me say that the United War Work campaign goes hand in hand every step of the way with the Red Cross. Either we must raise this money now or next summer. It must be done now, if America does her duty to her men with the colors."

Mrs. Minnie Beeler returned to her home in Fulton, Friday, after a visit to her sister, Mrs. L. C. Moss.

Atty. M. R. Shaw, of St. Louis, came home Sunday for a visit with Hickman relatives and friends.

Mrs. E. L. Miley left Friday for Chicago for a short visit.

## AN HISTORIC DOCUMENT.

Rev. E. L. Miley, pastor of the Christian church, has an old and interesting deed. It was made to his grandfather, Jacob Miley, bears date of August 5, 1844, and is signed by former President Tyler. The deed, which is on parchment and well preserved, was issued by the Govt. Land Office at Lima, Ohio, and calls for eighty acres. At that time the Indians still roamed over Mr. Miley's possessions and paid no attention to "keep out" notices. The Red Man has not only gone westward, but in the process made since that date, the land has become very valuable--one acre is now worth what 80 cost then.

Many of our absent boys had a voice in Tuesday's election. Ballots were sent them several weeks ago and many of these returned, duly stamped last week. The boys did the proverbial "vote early" stunt, but not often. They were a big help to the Democratic ticket, is the general opinion.

Heater Proctor says the Halloween pranksters broke into his store Thursday night and appropriated about \$15 worth of red paint and brushes. Of course the west end of town was painted red that night. Somebody will have to pay for some paint if Mr. Proctor learns who got it.

Restrictions on the manufacture of furniture, eliminating all new patterns for the duration of the war and curtailing active patterns 50 per cent, have been announced by the War Industries Board.

## SHOEING A SOLDIER.

When a soldier gets his first pair of shoes he gets a pair that fit his feet. No account is taken of the size he wore before. His feet are placed in a cunningly devised form where the length and width are exactly determined. He bears his weight on this little machine and an officer and a non-commissioned take the size record of both feet, his name, company and regiment. Then he is furnished with a pair of shoes of the size called for. But that doesn't end it. There is a further device that checks on the measuring machine and catches any human error in recording. This is put inside his shoe and he runs down an incline of 30 degrees, striking his heels on the cleats nailed to it. If this little machine does not make itself felt and the shoe after an examination by an officer is found to be satisfactory the man is fitted and his size is added to his service record.

Judge Frank S. Moore, county chairman of the county campaign committee, deserves credit for having left no stone unturned in getting out the Democratic vote Tuesday. Without his efforts the vote would doubtless have been much lighter.

Although he is not subject to draft, Congressman Allen W. Barkley, of Paducah, has registered and has serial number 4261. He is the latest McCracken county citizen to register.

Burney Hughes, wife and son drove over from Mayfield Sunday and spent the day with old Hickman friends.

## INCREASE IN WAGES.

Dr. Garfield, National Fuel Administrator, has announced that the wages of coal miners will be increased. By the recommendations made public the miners are to get wages ranging from 42 cents an hour for laborers outside the mine to estimated average earnings for contract miners of \$6.00 a day.

## INCREASE SUGAR ALLOWANCE.

The sugar allowance of two pounds monthly a person for householders has been increased to three pounds monthly by Food Administrator Hoover effective November 1. The sugar regulations also are revised to permit the purchase of the entire month's supply for a family at one time.

Secretary of the Treasury McAdoo has announced that, no matter what the result of the pending overtures for peace may be, there will be another Liberty loan. To use his expression, "We are going to have to finance peace for a while just as we have had to finance war." There are over 2,000,000 United States soldiers abroad. If we transport these men back to the United States at the rate of 300,000 a month, it will be over half a year before they are all returned. Our army, therefore, must be maintained, victualled and clothed for many months after peace is an actuality.

Pitser B. Porter, who returned from Jackson, Tenn., Sunday, is spending a few days in Clinton.

## IN FRANCE.

Here is a good likeness of Najeb (Egypt) Salamy, a Syrian boy and formerly a merchant at Bondurant, Ky., in the lower end of Fulton county.

He is doubtless the only unnaturalized soldier from this county. He volunteered last year, was assigned to Supply Train work and has been overseas for some time. Najeb is a nephew of Mose Barkett, of Hickman, and also has another brother in the service. "Mob Sude."

## HONORABLE DISCHARGE.

Lieut. (Dr.) J. M. Hubbard, who volunteered for service in the U. S. Medical Corps and was placed on the limited service list subject to immediate call, has received notice that he has been honorably discharged. His discharge is thought to have been the result of efforts of his friends and people of Hickman generally. Some time ago a petition containing several hundred names was sent to the War Department asking that he be discharged, as there is scarcely enough physicians here now to take care of the needs of the civil population.

Then you'll realize how long it may take to get them back. We want to make the period of demobilization a fine, helpful period for every Yank. Don't stop giving now. This will be the time they will need us most.

## MOMENTOUS!

War and Peace in Balance. Germany Must Decide Within Week.

The terms on which Germany may have peace have been delivered. The element of softness is absent from them. Like the peace given Austria-Hungary, Turkey and Bulgaria, the price Germany will have to pay is virtually the price of absolute surrender. The claws of the great military machine of Germany are to be drawn; invaded territories must be evacuated and compensation must be made for all damage done to the civilian population in attacks by land sea and from the air. Impotency by Germany again to take the field is to be insisted on.

Indications are that we will either have peace within a week—or war into another year. Germany's answer is momentarily expected, as Germany has sent a commission to "CONCLUDE AN ARMISTICE."

## KILLED SELF.

Joe Ammons of Cayce, Accidentally Kills Self Monday Evening.

While out hunting late Monday evening, Joe Ammons, of Cayce, accidentally shot himself with a .22 rifle and died that night at 7 o'clock. How the accident happened we failed to learn. When he was found and carried to his home, Mrs. Wright and Naylor found that the ball had entered the lower abdomen and ranged upward, penetrating the stomach, inflicting a mortal wound.

Mr. Ammons was about 19 years old and a son of Esq. J. W. Ammons, a well known citizen of the Cayce section. Funeral services were held at Cayce at 3 o'clock Tuesday afternoon.

Esq. Ammons also lost a grandson, Luther Parham, who died in Missouri last week—a boy who he raised. The double sorrow is a heavy burden, and Mr. Ammons has the sympathy of his many friends.

Stop using dangerous drug before it salivates you! It's horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it don't start your liver and straighten you right up better then calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless so give it to your children any time. It can't salivate, so let them eat anything afterwards.

#### AUSTRIA FALLS.

Germany Loses Her Last Ally Monday When Austria-Hungary Laid Down Arms.

On the heels of the fall of Turkey comes the good news that Austria has virtually surrendered through the accepting of armistice terms laid down by the Allies—leaving Germany as the last and only belligerent of the three strong combination of Central powers. The terms of this armistice, as given out Monday, is covered in the following dispatch:

The terms of armistice under which Austria-Hungarian land and sea forces have laid arms was announced today. It accomplished the complete surrender and opening of Austrian and Hungarian territory for the Allied operations against Germany. From this drastic document it may be stated and may be gleaned an accurate outline of the conditions bearing completion at Versailles, under which Germany may have cessation of hostilities. Terms under which debate on Italian front ends, to include complete demobilization of Austrian forces and the occupation of such strategic places as may be selected later; to use Austrian railways for operation against Germany; evacuation of all invaded territory, and leaving behind all equipment and supplies. Surrender of portion of Austrian surface and submarine fleets and disarmament of others. Surrender all German submarines in Austrian waters and repatriation of Allied and American prisoners without reciprocity. Evacuation of Austrian territory which roughly corresponds to boundary lines as claimed by Italians.

Austrian forces are to surrender one-half all artillery and military equipment.

#### SMART AND STURDY FALL SUIT

To the woman who likes a suit that looks smart and sturdy, made without furbelows and cut on beautiful lines, this model will make a strong appeal. It is in a brown and white mixture and has no decorative features except rows of buttons that match it in color.

#### The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to so through the depressing heat of summer by taking GROVE'S TASTELESS-chill Tonic. It purifies and enriches the blood and builds up the whole system. You can soon feel its Strengthening, Invigorating Effect. 60c.

#### WHAT IS MY SHARE?

He is a conscientious gentleman, who honestly wants to do right. And he came to me shaking his head.

"I want to do my full part in this United War Work Campaign," he said. "Do you think a hundred dollars is my share?"

And I told him it would be hard for anyone but himself to decide. "There are so many different ways of looking at money," I said.

A hundred and seventy million looks big at first glance. It is forty times what Jefferson gave for the Louisiana territory.

It's a dollar and seventy cents for every man, woman and child in the land; it's more than eight dollars and a half for every household.

"You can figure it on that basis," I told him. "On the basis of dollars and cents. Or you can figure it on the basis of boys."

"Of boys?" he questioned. "I do not understand."

It's less than fifteen cents a day for each of our soldiers and sailors," I answered. "Fifteen cents a day to give them warmth and comfort and entertainment and lectures, and games and the thought of mother and of God."

"Fifteen cents a day for a boy; two for a quarter a day. How many boys will you take?"

And his eyes kindled. "I think I could take ten at least," he said. He drew his check book out.

"Figure it out and tell me the price," he said. "I want you to give them the best you've got. What is it going to cost?"

"—for ten boys, for a year, at two for a quarter a day?"

So I figured it out for him: suppose you figure it out for yourself.—By Bruce Barton.

#### NEW SUGAR RULING.

You are advised that your household allowance of sugar is increased from 2 pounds per person per month to 3 pounds per person per month, with the same ratio to public eating places, and this applies as of November 1st. You are further advised that the regulations are also revised to the extent that any person may purchase his whole monthly allowance at one time if he so desires; that is, any family may purchase a month's supply for the entire family in one purchase, from the retail trader.

You can advise the several retail grocers that their allowance will be increased one-third and these additional certificates will be sent to them from the Sugar Division at Louisville immediately. Yours truly,  
S. D. Stenbridge.

#### SEED PRICES ARE FIXED.

Only two counties in Kentucky raise cotton. These are Fulton and Hickman. The State food administration therefore does not maintain a cotton seed products department for the purpose of price regulation, but has advised H. T. Smith, county administrator, that Tennessee prices will prevail in Kentucky.

Based on an analysis on Oct. 15, which shows available oil contents of seed to be 39½ gallons the ton, the price has been fixed at \$69 for seed in car lots, and \$66 in wagon lots. The average rate of freight to be figured by mills on seed is \$2 a ton.

#### INFLUENZA EFFECTS BRAIN.

Esq. G. W. Whipple, a well known citizen of this county, is reported as suffering with an unusual ailment. He had an attack of flu which has affected his brain. For a week or more he has been in a state of mental chaos, with only occasional lucid intervals. At times he knows his friends and talks intelligently, then lapses again into a semi-conscious state, or state of coma. He doesn't appear to suffer from any physical pain, and it is hoped that with time he will regain his mental and physical vigor. His condition, however, is considered to be critical.

## BIG PARADE.

At Hickman Saturday Morning Inter-est United War Drive.

The United War Work Campaign Committee has arranged to pull off a big patriotic parade here next Saturday morning. It will form at Hickman college and leave promptly at 10 o'clock a. m. Attractive floats, decorated cars, etc., will be in line. After the parade, a program of speaking and special music will be rendered on Clinton street.

The purpose of this demonstration is to stimulate interest in the United War Work Drive—a most worthy cause and one to which every patriotic citizen will want to donate in a measure commensurate with his or her means. Every citizen of Hickman and our farmer friends in this section are urged to decorate their cars and join in the parade. It's not Hickman's affair—but everybody's; so "fall in." Come and swell the crowd and help to make it a big day.

Social workers of the State have met and discussed plans for caring for victims of the influenza epidemic in Kentucky. Hundreds of children will be left orphans, it is estimated, and whole families will need assistance for some time to come.

The big day at Hickman Saturday is planned as an open air affair—to avoid danger of flu.

## BUTTER \$1 A POUND!

There is little doubt in many minds that butter will reach a price of \$1 a pound this winter. Whether this is true or not, it is certain that butter will not drop in price. Since butter can be kept just as easily as fruits and vegetables, some farmers are giving much attention to the storing of butter for winter use. Following are directions given in brief for storing butter:

Make butter from sweet, or but slightly soured cream. Salt as usual. Scald all utensils that are to come in contact with the cream or butter. Pack butter firmly in one or two pound crocks. Wash each crock with muslin which has been boiled previously. Place crocks containing butter in a large crock and cover with brine of sufficient strength to float an egg. To every three pounds of salt used add one pound of sugar and one-fourth pound of saltpeter. The brine mixture should be boiled, skimmed, and allowed to cool before using.

The Obion County Council of Defense created a stir when it had printed in the local papers the names of 31 prominent citizens of the county who failed to subscribe to any of the issues of government bonds or stamps. They are cut off from doing business with any of the firms of the county by being placed on the slacker list. As some of them trade at Hickman, our council will probably get official notice to black-list them.

## Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Thedford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator. . . . We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine—Thedford's. 25c a package. E-75

## MRS. BRENTS DONE GREAT GOOD BY VIN HEPATICA PRESCRIPTION

Well Known Louisville Women Says Vin Hepatica Prescription Brought Her Back To Health Again After All Other Medicine Had Failed

Mrs. Mary Brents, 928 Burnett Ave., Louisville, Ky., who has been a chronic sufferer for about five years and in bed for almost a year and a half, and under constant care of physicians says: "I gladly recommend Vin Hepatica for the great good it has done me in restoring my health when everything else had failed. Had been in bed for almost a year and a half with doctors

attending me constantly, but I received no relief whatever.

"I read in the papers about Vin Hepatica and went and got a bottle. The very first dose seemed to help me."

Just such testimony as this comes in from every quarter. Vin Hepatica is truly a wonderful remedy. Come in and get a bottle and try it on our recommendation.

#### NON-ESSENTIALS MUST WAIT.

The War Industries Board Monday made public a list of seventeen types of nonwar construction projects which it holds can most easily be postponed for the period of the war. They are: Churches, schools, hotels, office buildings, bank buildings, public buildings, moving picture houses, theatres and other amusement places, apartment buildings, nonwar factories, mills, etc., commercial enterprises and store buildings, gas and electric light plants, grain elevators, waterworks improvements, sewerage systems, garage and gasoline stations, sidewalks and park improvements.

Save your old straw hat for next summer. It may come in handy if you are called on by the government to wear a tin hat by the time another summer rolls around. This is the advice of the war industries board, which announces it is the intention of the government to curtail the output of straw hats to a point where the production will meet only the essential needs of the civil population.

## A FASCINATING DIVERSION

### FALL PICTURE MAKING

The woods and fields with their beautiful colored foliage lure us out of doors at this season. Why not take a kodak with you and retain some of the fascinating scenes? You may not be able to photograph the beautiful reds and yellows of the autumn foliage, but with the right materials you can reproduce the gradations of light and shade so that one looking at the photo will almost imagine the colors are there.

## 2 OF FAMILY DIE.

Buck Everett and Wilson Everett, Half Brothers, Die this Week.

We sympathize with our good friend Lawrence Everett, who has buried two of his sons this week—Buck and Wilson Everett. The two sons were half brothers, with a considerable difference in age. Buck Everett, who died Tuesday night, was about 34 years old, while the other was a baby boy, age about one year, and died Sunday.

Both were victims of influenza and pneumonia; and both were buried at Brownsville cemetery, but no services were held.

The elder Everett was born in this county June 15, 1884, and spent his entire life as a farmer in this section. He was married and is survived by his wife and several small children. Mr. Everett was a highly respected man and his loss will be keenly felt. The family has the sympathy of their many friends in their dual loss.

In many places the Spanish influenza epidemic is subsiding in a most satisfactory way and the ban is being raised. However, there is some difference of opinion about its abatement in Fulton county. A gentleman from the east end of the county says there is little or no improvement in the situation there. In Hickman there is doubtless an improvement—in fact the town proper has suffered in proportion to the rural districts—but west of town the epidemic still rages. The evidence of this is the number of deaths reported this week. It will be noticed that a large per cent of the fatalities is in the bottom west of town. Why conditions should continue unfavorable in the two extreme ends of the county cannot be easily explained; as the two sections are as extreme in environment and general circumstances as they are in location. The wisdom of lifting the ban on public gatherings at this time is questioned by some and insisted upon by others. And some localities seem to be rid of the flu and others still have it—and local health authorities necessarily find themselves confronted by a perplexing problem.

Tax Commissioner Coffey and his efficient deputy, Miss Lucile Barnes, have about completed the task of assessing the property of Fulton county; only a few failing to get in on time. The new forms and new system is a radical change from the old way of doing business but is certainly an improvement. Indications are there is going to be an increase in the county's revenue. In order to handle the work of the office systematically, Mr. Coffey has just installed a filing cabinet of about 100 compartments, which puts the assessment lists of each district together and in alphabetical order.

Dan Brown, Standard Oil man, has purchased Jno. Pyle's residence property in West Hickman.

The big day at Hickman Saturday is planned as an open air affair—to avoid danger of flu.

Modern methods prevail in our prescription department.—Hickman Drug Co.

## TWO DEATHS.

John Stephens and Step-son, Ed Floyd, Both Die in Past Week.

Another Fulton county family has lost two members through the flu epidemic in the past week.

John Stephens, a well known farmer of the lower bottom, died Tuesday night. Influenza and pneumonia caused his death. He had been a resident of that section for fifteen years or more. Mr. Stephens leaves a wife, a son and two daughters. He was about 65 years old. While a man of moderate circumstances, he was honorable and had many friends. His body was buried at Brownsville cemetery.

On Saturday night there was another death in this home—that of Edw. H. Floyd, 17-year-old step-son of Mr. Stephens. He was also a victim of the flu, which terminated in pneumonia. The young man is survived by his mother and two sisters. Funeral and burial at Brownsville.

The bereaved members of this family have the sincere sympathy of their friends in the loss of these two loved ones.

#### NOTICE TO PATRONS.

It is generally known that all telephone and telegraph lines have recently been put under government control, and new regulations applied to the conduct of the business. One of these regulations makes it necessary to cut out a lot of credit and delinquent business, and we cannot longer carry subscribers who are over 30 days behind on dues. We must cut you off if you do not pay up at once. If you are cut off and want to get back on the line, Mr. Barleson's orders are that a charge of "\$3 to \$5 to be reinstated" must be made. It will save you time and money and us trouble if you will come forward at once and pay up all back dues. Respectfully, A. W. Davis, Manager Hickman Tel. Co.

## WAR HISTORY.

Miss Bess Thompson Named as Fulton County Historian.

Kentucky's part in the great struggle is to be preserved by a systematic record or history, to be compiled by historians in each county and bound in one large State volume. Fred Caldwell has been named as State historian, and Miss Bess Thompson, of Hickman, has been named by the Fulton Council of Defense as County Historian.

An outstanding feature in the working plans of Mr. Caldwell is a "War Record" book, which is to be filled out for every man in Kentucky who has entered the service. This blank is intended to be placed in the hands of some relative or near friend of the enlisted man who will take the pains to secure the accurate information sought. The blanks will be turned over to the historian of the county from which the man entered the army or navy or any other branch of the service. It will be one of the duties of the county historian to verify the information thus furnished.

Friends of men in the service are urged by the State Historian to at once begin gathering data and to carefully preserve all letters, newspaper clippings and other information regarding soldiers of their acquaintance in order that the information may be placed as early as possible in the hands of the county historian. The war record blanks call for the following specific information:

Name and rank of the enlisted man and his race; his home address; name and address of the nearest relative; the father's name and address and the maiden name of the mother; age at time of entrance into the service; date of entrance; place of entrance; whether married or single; branch of service, showing for men in the army, whether in the infantry, artillery, medical corps, or aviation service, and in the navy whether in the reserves or in the marine corps and on what ship. The blanks likewise call for all information regarding transfers, promotions and casualties, with a reminder that any additional information connected with the man's military career should be set down.

Dr. J. M. Alexander was in town yesterday shaking hands with old friends. He is a member of the U. S. Medical Corps, with rank of Lieutenant.

Col. Bradshaw, of Decatur, Ill., arrived here this week to hold the Hale auction sale of land.

R. Y. McConnell and Judge Stahr were in Fulton on business yesterday.

## ON FIRING LINE.

Fulton County Volunteer, Wounded, But Again Joins Comrades.

We print herewith a likeness of Walter W. Davis, one of Fulton county's patriotic young volunteers, who is seeing real service in France. He volunteered in May, 1917, and was soon overseas and in the thick of the fighting. On August 18, 1918, he was wounded but has recovered and is now back with his company again. Mr. Davis is a son of the late L. D. Davis. For a number of years he worked in this section as a farm hand. In December, 1913 he went to St. Louis, ambitious to become an attorney at law.

By persistency and energy that helped over the rough places, he managed to work his way through a St. Louis law school, being graduated last June, at which time he was given a furlough to take his final examinations, and returned with his diploma. He received his military training at Ft. Sill, Okla. Young Davis is making a fine record for himself. He is a self-made man in every sense of the word; a boy of whom the county may feel proud. He is a brother of Paul Davis, of this county, and a nephew of L. D. Davis. He is a son of Mr. and Mrs. L. D. Davis and made his home in this county with A. M. Roper.

The Fulton County Local Board will begin classifying registrants (ages 18 and above 37 years) next Monday. There are 1100 questionnaires to come back and classify.

The river has been rising rapidly for several days.

Mose Barkett, fighting Brady Harrison, \$1.  
Jim Tarrant, a Union City negro, violating local option law, \$80 and ten days in jail. Jim was brought in to court by O. Spradlin, of Union City. Jim, it appears, was possessed of a yellow mare and an old buggy. This outfit made frequent trips to Jordan and authorities suspicioned a little bootlegging going on and watched him. Mr. Spradlin caught up with him Monday, when Jim was caught with a case of bad liquor in his possession.

## RED CROSS AS SANTA CLAUS.

The Red Cross has been entrusted with a share in a plan to provide "one Christmas parcel for every soldier overseas." The plan is this: Each American soldier overseas has received from his commanding officer one Christmas parcel label which he will mail home to a person probably planning to send him a Christmas present. Recipients of these labels will take them to their local Red Cross chapter, ask for a carton, fill the carton with articles not on the barred list which is given, taking care to keep the total weight under three pounds, and return the filled carton to the Red Cross to be inspected, wrapped, weighed, and left for mailing, with the overseas label and postage, paid by sender, attached.

Mrs. W. P. Skinner has been named to look after the publicity for this movement, and she tells us that next Monday and Tuesday, November 11th and 12th, will be receiving day for the parcels by the local branch—after that date no parcels will be mailed, as all parcels for overseas must be in the postoffice by the 15th.

Below is a list of the articles which cannot be sent to the soldiers:

All spirituous, vinous, malted, fermented or other intoxicating liquors.

All kinds of poison and all articles and compositions containing poison.

Explosives of all kinds.

Inflammable materials, including friction matches.

Chemical machines and mechanical, chemical or other devices or compositions which may ignite or explode.

Liquids or liquidifiable articles, fragile articles and other admissible matter when not packed in accordance with the requirements of the Postal Laws and Regulations.

All other articles which may kill, or in any wise hurt, harm, or injure another or damage or deface or otherwise injure the mails or other property.

Nothing should go into the Christmas parcel which will not keep fresh from the time of packing until Christmas.

No liquids, nor soft candies, nothing packed in glass will be accepted.

Several dainties packed in quarter-pound oblong tin boxes make a better gift than a large quantity of one kind of confection.

Use a twenty-seven-inch khaki-colored handkerchief to wrap the gifts.

In the event of a Christmas parcel label being lost, no duplicate can be issued. This rule cannot be altered by anyone.

Try our "eats" once, and you will be with us often.—Busy Bee.

Sam Parham and wife have a new son—born Friday.

Politics is again adjourned for a while.

## BOYS' PIG SHOW.

The Boys' Pig Club held a pig show at Fulton, Saturday, Nov. 2nd. The pigs were looking in great shape and there was a keen competition for prizes. In class of pig making greatest gain, Marville Williamson's pig won first, making a gain of 180 lbs. in 112 days. Glenn Williamson won the red ribbon with a gain of 165 lbs. Both boys are sons of Ed Williamson of Lodgerton community. Tommy Wade, son of W. D. Wade, won white ribbon in this class.

In class of pig making greatest gain for feed consumed the following were the winners:

Blue ribbon, Cecil Binford, son of Gid Binford, Crutcheff. Red ribbon, Cletus Binford, son of Gid Binford, Crutcheff. White ribbon, Alvin Harrison, son of John Harrison.

In class of best gilt for brood sow without regard to feed or age the following were winners:

Blue ribbon, Alvin Wade, son of John H. Wade. Red ribbon, James Oscar Brown. White ribbon, Aniel Hammond. Each blue ribbon represented \$3.00 in cash, each red ribbon \$2.00 and each white ribbon \$1.00.

The boys are planning to breed the gilts, all of which are registered, to the very best registered boars and next year an auction sale of registered boars will be held in Fulton to provide males for the grade sows of the county. Every one is aware of the fact that the scrub sire, which unfortunately is found on so many farms, is one of the best allies of the Kaiser. If these boys can furnish pure bred sows at a price so that the farmer can afford to buy them they will be doing a patriotic work as well as putting money in their own pockets.

The pig show which was to have been held at Hickman Saturday, Nov. 9, is postponed on account of the United War Work Campaign. It will probably be held one week later, Saturday, November 16th.

## THE BIG DRIVE IS ON.

All true patriots will come to the booth in the streets of Hickman on Saturday and volunteer to do their part.

The money for this drive, which is called the United War Fund Campaign, will go to the seven great organizations which are making life worth while to the soldier.

At the same time you volunteer, a card will be handed you on which you can write your "War Record," showing the part you have played in the great war.

The Government has requested that a "War Record" be obtained on every citizen in the county. This will be in order that the County Historian can make a full history of Fulton county, which will be written into a history of Kentucky for future generations.

Let every body come forward like a 100 per cent American and volunteer their quota and give their "War Record."

## 4 HOUSES ENTERED.

Burglar Gets \$33 at R. E. Blow's Monday Night; Makes Escape.

A burglar evidently started a "house to house" canvass at Hickman Monday night, entering or attempting to enter four homes on the hill. His operations were between 11 and 2 o'clock, but he was successful in his depredations at only one place—the home of R. E. Blow, agent of the C. M. & G. Ry. Co. Here he got \$33.50 cash, a check written by J. O. West for \$100, and probably a smaller check or two. The checks, of course, were worthless to him. The cash and checks were in Mr. Blow's trousers pockets. The family knew nothing of their visitor until Tuesday morning, when, obviously, Mr. Blow missed an essential portion of his wearing apparel. The trousers were later found out in the yard with pockets empty. Mrs. Blow's purse had also been located and emptied of some small change. The only person who seems to have seen the thief was Mr. Blow's mother; but she never thought of him as an intruder. She saw the flash of his light and could discern that he was white and seemed to be about the height of her son. Thinking it was her son or some one with him, she paid no attention to him.

He also entered the home of J. C. Ellison, going in through the dining room window, from which he removed the screen. Mr. Ellison heard his foot falls distinctly, but thought it was some one walking at a neighbor's home. The fellow finally reached the door knob leading into the family bedroom and was about to enter. The door hung at the bottom and Mr. Ellison had a tickling in the throat and coughed—this made the visitor change his course. He beat it to the front door and escaped. Officers Hamby and Wall were called but the man had made his getaway.

The back portion of W. S. Ellison's residence was also entered. Mr. Ellison heard the noise, turned on a light and this frightened the intruder off. Here he left the door open.

Next heard from him was at the home of B. G. Hale, Sr. Here a window was raised but some of the women of the household waked and called the men. Mr. burglar again took fright and went his way.

Dr. J. M. Hubbard believes the man entered his home, because a light was found turned on in his room. The light woke the doctor but neither himself nor family had anything to do with it; and the back door was also found to be open.

He left no clue. A stranger in town late Monday afternoon purchased a number of bits, wood chisels, files, etc. at Bondurant Bros. store, but there is no evidence that he was connected with the jobs pulled off that night. As a matter of fact, several near-by towns, including Fulton, have been

troubled of late with what seems to be a lone burglar operating in this section, and the same man may be responsible for all of it.

The question of what ought to be done with our ex-Presidents has been forcibly brought to public attention of late. It has been said that no man in private life could say the mean, contemptible things one of them has said of President Wilson recently and remain out of jail, and we concur in the opinion. The personality of Roosevelt was pretty accurately sized up, we believe by Kermit Roosevelt, who is quoted as saying of his father that when it was a wedding the ex-President always wanted to be the bride, and at a funeral he always wanted to be the corpse. He is the latter politi-

cally, but unfortunately, he does not seem to realize it.

## SUBSTITUTES TO SAVE ESSENTIALS

Automobile Makers Are Urged to Exercise Greatest Care in Selecting Materials.

### STRAIN IN LEATHER SUPPLY

Tests Have Repeatedly Shown That Tensile Strength Is Greater Than Real Article—Are Not Affected by Weather.

Manufacturers of motorcars can effect a considerable saving in material if reasonable care is exercised in the selection of substitutes, according to Fred K. Parke, president of a Michigan motor concern. As one of the first and most important steps in this direction, Mr. Parke suggests the use of substitute leather for upholstery in passenger cars and trucks.

"Automobile manufacturers will go a long way toward meeting the government half way in its efforts to keep the industry going by the use of substitute leather," says Mr. Parke. "In addition to the tremendous amount of leather being used by our government for harness, saddles, shoes and a hundred other things, the allied governments are laying plans to buy leather in the American markets for use of the armies in France in a very short time. The British government purchased a large amount of leather last year and consumed almost the entire supply of some grades.

Leather Supply Strained. "Shoe factories also will be busy making shoes for General Pershing's army, as the war department plans to call for a million and a half each month. This means that the country's source of leather supply will be strained to the limit."

Mr. Parke has made a complete investigation of the possibilities of substitute leather and has come to the conclusion that for most purposes, it should give as much or more satisfaction than the best leather. Tests have repeatedly shown that the tensile strength is greater and that it will far outlast real leather. Substitute leathers are usually made of a waterproof material and are not affected by weather as is leather. For this reason, the war department has specified uses, such as truck covers, ambulance upholstery, sweat bands in steel helmets, leggings, waterproof coats and ponchos.

No Saving in Substitute. The automobile manufacturers will not save any money in using the substitute leather. It will cost him as much as some grades of leather that have been universally used during the last few years.

"I believe automobile buyers will readily co-operate if all automobile manufacturers will adopt the substitute leather as a patriotic move," says Mr. Parke. "I have discussed the subject with a great many dealers during the last week and all have expressed their enthusiastic willingness to co-operate."

"These same dealers have since written me that owners to whom they have talked declare that they will be glad to accept their cars, whether they be expensive twelve-cylinder cars or light medium-priced cars, upholstered with substitute leather. It is up to every one of us to work with the government at this time, and I believe the automobile industry can do much by taking action in this matter at once."

To Prevent Skidding. Unequally adjusted rear-wheel brakes are a potent cause of skidding and it is wise to make frequent tests of the parts for incorrect adjustment. It is necessary to have some one with you to watch the wheels. Drive the car along a dry road, accelerate quickly and then suddenly apply the brakes. If one wheel slides while the other is revolving, it may be taken for granted that the brakes are not holding with equal effectiveness.

#### LEMONS MAKE SKIN WHITE, SOFT, CLEAR.

Make this beauty lotion for a few cents and see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons. adv.

#### JOHN WILLIAMS DEAD.

After a short illness of influenza, John Williams, who worked on Geo. Terrett's place, died Saturday. He was about 35 years old and leaves a wife. The couple had been here only about two months, coming from Missouri. Funeral services and burial were held at the Ridge graveyard Sunday.

Mrs. Garnet Lemons of Tiptonville, spent a few days last week with her parents, G. Walker and wife.

#### BODY BURIED HERE.

The remains of Mrs. Lotta Cardwell were shipped here from Caruthersville, Mo., Friday for burial. Funeral services were conducted by Rev. W. F. Remmenberg and the body interred at the city cemetery. Mrs. Cardwell formerly lived in this city and was related to the Sexton family.

Mrs. Annette Robinson, of Dyersburg and Miss Ethel Phillips of Phillips, Tenn., spent Monday with Mrs. S. M. Nafteh.

#### DEATH AT BONDURANT.

Ben Tucker, a resident of Bondurant, fell a victim of influenza, passing away last Thursday. He was employed at the saw mill at that place, but further particulars are unavailable. His remains were interred at Brownsville cemetery.

Pearl, the wife of Archie Johnson, a fisherman and resident of Reelfoot Lake vicinity, died Saturday. She was another victim of the Spanish influenza.

#### FOUND DEAD IN BED.

The little one year old son of Will Cole and wife, who reside on Joe Terrett's farm west of town, was found dead in bed Friday morning. The little fellow was suffering with an attack of flu, but his condition was not thought to be serious enough to call a physician. He was buried at Sassafras Ridge.

Mrs. George Ralston, of Memphis, spent Sunday with her brother, L. A. Stone and wife.

## Wash the Socks You Knit With GRANDMA'S Powdered SOAP

WOOLEN SOCKS will not shrink, get hard or knot up when washed with Grandma. No more heartaches after spending hours knitting a pair of socks and then having them ruined by washing with an inferior soap.

## GRANDMA'S Powdered SOAP

Follow these instructions and you will never have any trouble: Sprinkle some Grandma in luke warm water—wonderful suds in an instant. Wash the socks in this water then rinse in clear, luke warm water. After rinsing shake out well (do not wring) then hang up to dry slowly. Socks washed this way with Grandma are sure to be soft and fluffy and easy on the feet.

There are hundreds of other uses for Grandma. It is the greatest "all-round" household soap of the age and is by far the most economical. It's powdered—you measure it out with a spoon—no waste. Try it today.

# And a Thousand Fighters Call Him Dad!

**T**HERE is a new kind of fighter in this war. He wears a uniform but he doesn't carry a gun. He carries cheer and comfort and a great big heart. Never mind whether his uniform shows the emblem of the Y. M. C. A. or the Knights of Columbus, the Jewish Welfare Board or the Salvation Army. He doesn't care—and neither does your boy.

This new kind of fighter is making a new kind of fight. He is fighting against lonesomeness and heart-ache and monotony and worry. He is fighting for that quality which wins wars—morale!

Your boy has it. This man is fighting to let him keep it.

Maybe your boy hasn't had a letter for a long time. Or maybe there was something that worried him in the letter that he got this morning.

Or maybe he has had a disappointment—hoped for promotion and didn't get it. Or maybe he'd give a million dollars just to see his folks one minute.

It hurts to lock up things like that, deep down inside your heart. It helps to pour them out.

And that is where this man comes in—the Daddy of them all. They know that he will understand—that he won't laugh or preach. They know that he is there with the right word and the right pat on the back when it's needed most.

You Daddies of America, you men who want to go and can't, let's keep this Daddy on the job!

## Why You Should Give Twice as Much as You Ever Gave Before!

The need is for a sum 70% greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1918 their:

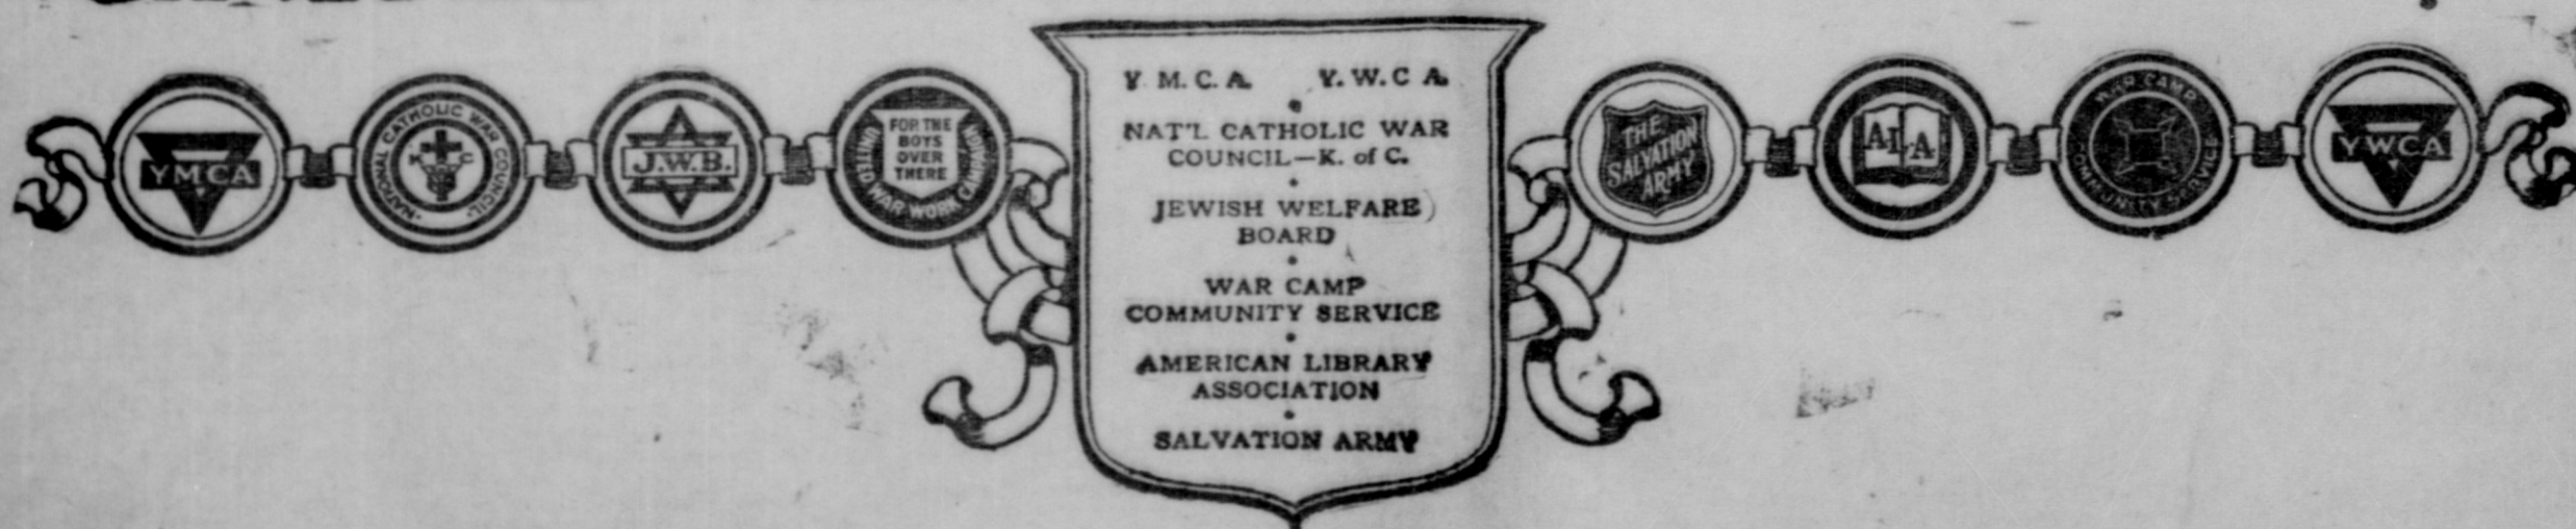

- 3,600 Recreation Buildings
- 1,000 Miles of Movie Film
- 100 Leading Stage Stars
- 2,000 Athletic Directors
- 2,500 Libraries supplying 5,000,000 books
- 85 Hostess Houses
- 15,000 Big-brother "secretaries"
- Millions of dollars of home comforts

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs.

Now give to maintain the Morale that is winning the war!

## HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From  
Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and

headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ADELIN E. LYNCH, 100 Plain St., Providence, R. I.

Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment.

Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham, Lynn, Mass.

## HOLDS IT UP.

Sugar in 25-lb. Lots Shipped Here in Violation of Law.

Hickman's Food Administrator, S. D. Stenbridge, has tied up some more sugar shipments here. An eastern concern seems to be selling sugar in 25 pound lots to anyone who will buy other goods along with it. This is clearly in violation of the food regulations—which specifies three pounds per person per month. The sugar is securely hidden against public inspection in a box labeled "dried fruits," and a little dried fruit is enclosed to validate the label. The Food Administrator made a consignment open one of the boxes and saw with his own eyes how the trick was worked. In justice to our local merchants, who are patriotic enough to obey the law, there should be no sugar bootlegging. The government expects all dealers and all consumers to fare alike.

Official reports show that for every American who has been lost in battle in the air, eight enemy fliers have been brought down. The American air force has accounted for between 500 and 600 German aviators since its organization in France.

## COMMISSIONER'S SALE.

Fulton Circuit Court, Kentucky. Jesse McNeil, Adm. of A. N. King, Dec'd., Mrs. Hattie McNeil, Norris King and Russell King, who sue by their statutory Guardian, L. E. Rice, Plaintiffs,

vs. Equity Mrs. Jessie Rice and J. W. Cowgill, etc Defendants.

By virtue of a Judgment and Order of Sale of the Fulton Circuit Court, rendered at the September Term thereof, 1913, in the above cause, for the purpose of paying the debts of A. N. King, Dec'd., and for dividing the remainder of the proceeds of said estate after said debts are paid, among his heirs at law, I shall proceed to offer for sale at the Court House door in Hickman, Kentucky, to the highest bidder, at Public Auction, on Monday, the 11th day of November, 1913, at two o'clock p. m. or thereabout, being the first day of a regular term of the Fulton County Court, upon a credit of six months, the following described property, consisting of two separate tracts of land, to-wit:

### THE HOME PLACE.

A tract of land situated on the East side of Troy road, containing 156 acres, more or less, and bounded by the Hickman and Troy road on the West; on the North by R. H. Kirk; on the East by W. P. Curdin, and being a part of Lot No. 3 in the Division of Land of Hillsman King as recorded in C. & P. Book No. 3, Page 12, and the small strips of land north of same, purchased from Kirk and Cowgill, and being a part of the land conveyed to A. N. King by R. Y. McConnell by Deed recorded in Deed Book No. 13, Page 272, in the office of the Fulton County Clerk. Above described tract of land is commonly known as the Norris King Home Place.

### THE WILSON PLACE.

The following described tract of land is composed of eight separate tracts, all adjoining and enclosed together and consisting of about 173 acres, known as the Wilson Place and particularly described as follows: to-wit:

Tract No. 1. Forty acres of what is known as the Miranda T. Wilson Dower tract in the North West Quarter of Section 22, Township 1, Range 5 West, beginning at a stake 23 rods East of the North West corner of said Section; thence East to the James Turner line sufficiently for and to make 40 acres, conveyed by Miranda T. Wilson to G. S. and Alice Wilson on the day of—18— and conveyed to Alice P. Wilson and four of the heirs of G. S. Wilson.

Tract No. 2. A parcel of land in Township 1, R. 5, West, in Fulton County Kentucky, beginning 14 rods East of the S.W. Corner of the N.W. Quarter of Section 22, running thence W. 44 rods to Cy Crockett's S.E. corner in the N.E. quarter of Section 21; thence with the meanders of said creek in a northwesterly direction to a stake with two saplings as pointers, in about 44 rods E. of Cy Crockett's line; thence S. to the beginning, containing 20 acres, being the land conveyed by Miranda T. Wilson to W. E. Wright and now owned by A. N. King.

Tract No. 3. The remainder of what is known as the Dower Tract of Miranda T. Wilson, Dec'd., allotted to her out of the estate of Sam D. Wilson, Dec'd., which Dower was allotted contained 98 2/3 acres, and the part sold by this Judgment as a third is apportioned by the same left after taking the first tract off of or from said original Dower tract, leaving the amount sold as the third tract of 38 2/3 acres.

Tract No. 4. A tract containing 12 acres more or less, beginning at Charlie Wilson's corner at the N.W. corner of this land; thence East to a point, the Dower and Lowery corner following the line between the Lowery and Dower tracts in this land; thence S. to the Kirk corner; thence west to the Patterson corner; thence North to the beginning being bounded on the North by the County lands, occupied by Dick Sampson on the East by the Dower, now A. N. King's land; on the South by Jim Kirk's land; on the West by Patterson's land, being a portion of the N.E. Quarter of Section 21, T. 1, R. 5, West, and a portion of the same land sold by Miranda T. Wilson to Alice B. Wilson. See Deed Book 16, Page 420, Fulton County Records.

Tract No. 5. Beginning 14 rods East of the South West corner of the N.W. Quarter of Section 22, T. 1, R. 5, West, 44 rods to Cy Crockett's corner in the North East corner of Section 21, T. 1, R. 5, West; thence North with Cy Crockett's line 53 1/2 rods to a creek; thence with the channel of the creek running in an easterly direction to a stake, two gum saplings as pointers and about 44 rods East of Cy Crockett's line; thence South to the beginning, containing 20 acres. This is the same property conveyed to Homer King by W. E. Wright on the 12th day of November, 1904, and recorded in Deed Book No. 21, Page 577, in the office of the Clerk of the Fulton County Court.

Tract No. 6. About 30 acres of land in the South West quarter of Section 22, T. 1, R. 5, West and being 30 acres in the North West corner of said quarter, and described and bounded as follows: Commencing at Hattie Reid's line; thence West with Anderson's line to Peter Davis' land; thence East to land, more or less. This being the same land conveyed to R. H. Kirk by Martin heirs. See Deed Book No. 20, Page 29, of the records of Fulton County, Kentucky.

Tract No. 7. Note there was a division of the 190 acres of land mentioned in this deed from the Martin heirs to A. N. King and R. H. Kirk, which deeds were never put to record and cannot be found, it is therefore agreed and understood that if any difference should come up in after years this is put here for reason. A tract of 6 1/2 acres of land known as the E. R. Lowery Homestead, lying and being in the North East Quarter of Section 21, T. 1, R. 5, West, and sold to A. N. King by deed dated October 7th, 1913 and recorded in Deed Book 32, Page 111, Fulton County Records. All the

above tracts and parcels of land lie in one body under one fence, is rectangular in shape and comprise a tract of about 190 acres, more or less, known as the A. N. King Dairy Farm Place.

Tract No. 8. Also a tract or part of the North West quarter of Section 23, T. 1, R. 5, West, bounded as follows: Beginning at a stone at the S. West corner of said quarter; thence North 87 degrees, West 130 poles to a stake in the Troy road; thence North 64 1/2 degrees, East 17 1/2 poles to an oak tree; thence North 56 1/2 degrees East 19 poles to a stump; thence South 56 1/2 degrees East 51 poles to a stake, one pole north of the South boundary line; thence 87 degrees west and parallel with said line 70 degrees to a stake, thence South one pole to the beginning, containing 6 acres, 2 rods and 6 poles, reserving a roadway for my private use. Beginning at the oak tree in the Troy road; thence North 56 1/2 degrees East 19 poles to a stump, thence South 56 1/2 degrees East 51 poles to a stake, one pole North of the S. Boundary line, this to be two poles wide; thence 70 poles with said line to a stake; thence South 1 pole to the place of beginning, this portion to be one pole wide, conveyed to A. N. King by deed dated January 21st, 1886, recorded in Deed Book 31, Page 157, and said above and eight tracts of land lie in a body and the same is known as the Wilson land.

The lands comprising what is known as the Home Place will be sold as one tract and the lands comprising what is known as the Wilson Place will be sold as one tract.

For the purchase price, the purchasers must execute bonds with approved security of securities, bearing legal interest from the day of sale until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms.—W. B. AMBERG, Master Commissioner Fulton Circuit Court. 11-14

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, Etc. ### CARD OF THANKS.

We desire to thank our friends for their kindness shown us in the death of our wife and sister, Mrs. Mertle Harmon, also for the beautiful floral offering. May God bless them all.—Husband and sisters.

It sounds like a joke, but our valued friend W. D. Benthall says it's a fact. While gathering corn last week he came to a pumpkin so large that it had to be rolled out of the way, as the wagon would not pass over it. In order to protect his reputation for truth and veracity, he expects to bring the pumpkin to this office for display and later let it be sold for the Red Cross.

### STAR ROUTE STARTED.

According to schedule, the new star route mail carrier, Mr. Boaz, of Fulton, made his first trip with the mail from Fulton to Hickman Friday. The pouch of first class mail contained only eight letters; but mail clerks had not gotten straightened out on the change in service. The new route gives its letters and newspapers four hours ahead of the railroad mail. Out-going service is also greatly improved. Letters posted in the afternoon leave here at 6:00 o'clock—twelve hours ahead of the railway service.

### CARD OF THANKS.

We wish to thank our many friends for the kindness shown us in the burial of our dear brother, W. C. Capps. Especially do we wish to thank Mr. J. O. West, Mr. S. L. Dodds and Mr. and Mrs. R. G. Hale, of this city, Mr. and Mrs. G. D. Bryan of New Orleans, and Mr. James F. O'Hara of Baltimore, also those who furnished cars for the funeral.—Albert, Tobe and Dave Capps and Mrs. M. S. Smith.

### PLENTY OF PROOF.

From People You Know—From Hickman Citizens.

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Hickman, of people who can be seen at any time. Read the following case of it:

J. W. Swift, 704 Catlet St., Hickman, says: "A short time ago my back and kidneys gave me a great deal of trouble. My kidney trouble was brought on, I think, by sitting down too much and when a friend recommended Doan's Kidney Pills to me. I bought a box at Cowgill's Drug Store. I used a box and a half and was cured of all trouble with my back and kidneys."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Swift had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Rev. J. W. Waters, formerly pastor of the Methodist church at Hickman, but now located at Fulton, was in to see us Friday. Bro. Waters is still the same fine, jovial, Christian gentleman that we all esteemed so highly while he was a citizen of Hickman—except that he looks older.

"Old Glory," which flies over the courthouse, is torn and tattered through long service. Why not a new flag boys?
